**Subject:** Hearing Date for Docket No. 06-035-42

Parties to the proceeding,

Due to the potential for settlement and the time needed to answer data requests, Wasatch Wind is requesting that the hearing date be pushed back to June 22nd or June 23rd. June 22nd is the preferred date for PacifiCorp. The filing date for surrebuttal would be June 14th. This delay would allow the parties the opportunity to further negotiate a settlement and would allow parties to better prepare for hearing if it is needed. Given the complexity of the case and the potential for precedent the delay will allow for better information for a Commission decision. Please respond immediately regarding your availability on the new proposed hearing dates.

Hello,

As I mentioned in an earlier email to Rich, I will be out of the office on Wednesday and Thursday, June 22 and 23. We also have the Questar Conservation Enabling Hearing, which will be hotly contested and controversial, beginning Monday, June 26th.

Nonetheless, Mike Ginsberg has kindly volunteered to do the Wasatch Wind hearing on the 22nd. Andrea Coon, the Division's witness, is also available that day.
